

## Welcome to Caxita Tech Solutions Pvt. Ltd.

---

Caxita Tech Solutions is a leading travel technology company with key focus on providing world-class technology solutions to travel agencies across the globe. Since our inception in 2005 as a software development company, delivering value driven websites and small-scale applications in India, we have grown slowly and steadily as a leading travel solution provider in the global market. Caxita was formally introduced to travel industry by IATA Agents Association of India to develop an online B2B system in the year 2010. Later, fully understanding the opportunities and potential, Caxita gave its complete attention on travel solution development. Within few years, with sheer dedication and commitment, Caxita has achieved a well reputed position in travel technology industry.

A person wearing a dark jacket, blue jeans, and a yellow backpack is walking away from the camera in a brightly lit airport terminal. They are pulling a dark rolling suitcase. The background is filled with large windows and a warm, golden light, suggesting a sunset or sunrise. The floor is highly reflective, showing the person's reflection.
